

## Grants by Grant Cycle

Grants matching your search for 2014-15 Local Government Waste Tire Enforcement Grants (TEA22 )

### Alameda County

**Grantee:** Alameda County

**Amount Awarded:** \$350,000.00

**Grantee Contact:** Mr. Paresh Khatri

**CalRecycle Grant manager:**

**Project Summary:** The requested Grant funds will be utilized to implement and maintain the Waste Tire Inspection Program in Alameda County, with the exception of the City of Berkeley. The inspection program is implemented by all Alameda County CUPA staff equating to approximately two full-time staff conducting waste tire inspections, complaint follow-ups, provide educational outreach to facilities, assist CalRecycle staff with enforcement, and management the program, including periodic reporting to CalRecycle.

**Grantee:** City of Berkeley

**Amount Awarded:** \$110,000.00

**Grantee Contact:** Manuel Ramirez

**CalRecycle Grant manager:**

**Project Summary:** The Division of Environmental Health seeks to establish and maintain a community-wide expectation of compliance with regulations and best management practices among waste tire generators. The grant funds will be use to identify, educate and inspect businesses involved in the collection, generating, transporting, and disposal of waste and used tires to determine compliance with all tire standards; including permit requirements, tire storage standards, and hauler registration and manifest system standards. Funds will also be used for educational outreach and responding to waste tire complaints.

*Total Awarded for County:\$460,000.00*

### Butte County

**Grantee:** Butte County

**Amount Awarded:** \$41,000.00

**Grantee Contact:** Mr Scot Johnson

**CalRecycle Grant manager:**

**Project Summary:** The Funds will be used to implement the Waste Tire Inspection Program in Butte County. This will consist of one full time staff person to conduct inspections and manage the program, including periodic reporting to CalRecycle.

*Total Awarded for County:\$41,000.00*

### Calaveras County

**Grantee:** Calaveras County

**Amount Awarded:** \$63,427.00

**Grantee Contact:** Mr. Paul Eades

**CalRecycle Grant manager:**

**Project Summary:** The enclosed grant budget outlines our enforcement needs that will allow for the continued implementation of an effective enforcement program within Calaveras County. Many of our generators require assistance throughout the year with manifesting, storage requirements and general questions which requires additional travel time. Five of our generators are located in the higher elevations (snow areas), which typically require additional travel time to maintain safety. It must be noted that this not only increases inspection but surveillance time as well. Many of our routine surveillance areas are more than 1½ hours away from the office.

It is vital to our enforcement program to have the necessary funds available to continue an aggressive surveillance and educational campaign. Many of our surveillance areas are only accessible during the dryer months, while others warrant one visit per year as they are so remote. We typically see higher rates of illegal dumping in the cooler months in the more remote areas. This may be due in part to firewood cutting, camping activities and the production of illegal narcotics. It is imperative to our Waste Tire Program to have the necessary funds available to perform the above mentioned rural surveillance activities in addition to performing routine inspections..

*Total Awarded for County:\$63,427.00*

## **Contra Costa County**

**Grantee:** Contra Costa County

**Amount Awarded:** \$230,000.00

**Grantee Contact:** Jeffrey Tipton

**CalRecycle Grant manager:**

**Project Summary:** This grant will be used to conduct waste tire inspections and other enforcement actions, train employees on waste tire regulations and enforcement, and educate waste tire operators, other enforcement agencies, and the general public on the requirements for handling and disposing of waste tires.

*Total Awarded for County:\$230,000.00*

## **El Dorado County**

**Grantee:** El Dorado County

**Amount Awarded:** \$26,000.00

**Grantee Contact:** Greg Stanton

**CalRecycle Grant manager:**

**Project Summary:** El Dorado County Community Development Agency Environmental Management Division respectfully requests TEA 22 grant funding to continue to implement a used tire inspection and enforcement program. There are currently 139 active facilities with Tire Program Identification numbers (TPIDs) in El Dorado County. The majority of the requested funds will be used to conduct routine facility compliance inspections. The remainder of the requested funds will be used for inspector training, attending TEA roundtables, facility education, transportation expenses, and administrative time related to the program.

*Total Awarded for County:\$26,000.00*

## **Fresno County**

**Grantee:** City of Fresno

**Amount Awarded:** \$295,000.00

**Grantee Contact:** Ana Manzula

**CalRecycle Grant manager:**

**Project Summary:** Grant will be used for continued inspection and enforcement of waste tire generators, waste tire haulers, and waste tire end-use facilities in accordance with CalRecycle regulations for the disposal and storage of waste/used tires. Inspections will be conducted at businesses currently registered with CalRecycle for the disposal and storage of waste/used tires. Educational visits will be conducted on new businesses generating, storing, and disposing of waste/used tires. Surveillance will be conducted as needed when illegal dumping of waste tires is suspected by a generator, hauler, and end-use facility. This program has aided the City of Fresno in the removal of waste tires and blight caused by illegal dumping and storage of waste tires.

**Grantee:** Fresno County

**Amount Awarded:** \$300,000.00

**Grantee Contact:** Janet Gardner

**CalRecycle Grant manager:**

**Project Summary:** The goal of the Waste Tire Program is to promote compliance with State and local regulations as it pertains to the collection, handling, storage and disposal of waste tires in an effort to protect the air, water, and land from pollution and to ensure public health and safety.

The Fresno County Department of Public Health, Environmental Health Division, proposes to utilize FY 2014-15 Waste Tire Grant funds for staffing, training and equipment needs associated with continuing the County's Enforcement Program Plan.

*Total Awarded for County:\$595,000.00*

## Glenn County

**Grantee:** Glenn County

**Amount Awarded:** \$25,000.00

**Grantee Contact:** Mr. Kevin Backus

**CalRecycle Grant manager:**

**Project Summary:** The Waste Tire Enforcement Grant will be utilized to directly support the Glenn County Local Enforcement Agency in inspecting/monitoring waste tire facilities and conducting other waste tire enforcement activities. Expenditures will be divided between inspections, enforcement, outreach, training, management, equipment, supplies and transportation.

*Total Awarded for County:\$25,000.00*

## Imperial County

**Grantee:** Imperial County

**Amount Awarded:** \$117,000.00

**Grantee Contact:** Lars Seifert

**CalRecycle Grant manager:**

**Project Summary:** The Imperial County LEA intends to utilize the requested Tire Enforcement Grant funds to continue a comprehensive education and enforcement program to ensure that registered waste tire haulers are utilized for the transport of used or waste tires; that waste tire generators comply with disposal manifesting, permitting, and waste tire storage standards as applicable; and that illegal dumping of waste tires is prevented. The objective of the tire enforcement agency program is to conduct compliance inspections to eliminate potential public health and safety risks associated with improperly managed waste tires within Imperial County.

*Total Awarded for County:\$117,000.00*

## Kern County

**Grantee:** City of Bakersfield

**Amount Awarded:** \$50,000.00

**Grantee Contact:** Mrs Melanie Dunwoody

**CalRecycle Grant manager:**

**Project Summary:** The City of Bakersfield's Waste Tire Enforcement Program will implement an inspection and compliance program that:

1. Educates waste tire generators within our jurisdiction on their responsibilities to comply with applicable laws;
2. Surveys Waste Tire Facilities and confirms that generators are using authorized waste tire haulers, properly maintaining CTLs; and fulfilling the WTF requirements;
3. Identifies and reports sites that may be in violation of WTF storage standards;
4. Initiates enforcement action against facilities that are in non-compliance by issuing a Notice of Violation (NOV);
5. Refers facilities that continue to be in non-compliance after the issuance of a LNOV to CalRecycle staff;
6. Identify and investigate existing sites where waste tires have been illegally dumped; and
7. Obtains and submits the necessary information required for monthly reporting through WTMS to CalRecycle.

The activities described above are an effective way to address the City of Bakersfield's need to educate tire dealers and auto dismantlers of their responsibilities and reduce the illegal disposal of waste tires. The program will be comprehensive, informative and allows for enforcement action when necessary. It provides for correcting of waste handling problems, reducing long-term disposal problems, identifying illegal waste tire haulers and encouraging compliance.

**Grantee:** Kern County

**Amount Awarded:** \$267,000.00

**Grantee Contact:** Doyle Sprick

**CalRecycle Grant manager:**

**Project Summary:** Kern County has a large agricultural area from fields, orchards, to farms and ranches. Historically these rich and fertile grounds have been soiled by illegal dumping of tires and other trash, junk and debris. After 5 plus years of Code and Tire enforcement, local farmers and ranchers are reporting the Waste Tire Program is a success and they're dealing with less dumped tires on their valuable lands. Funds for this program is important to the continued success of the Waste Tire Program. This grant helps the ability to find and investigate new waste tire generators and haulers that may be operating illegally.

*Total Awarded for County:\$317,000.00*

## Lake County

**Grantee:** Lake County

**Amount Awarded:** \$38,000.00

**Grantee Contact:** Raymond Ruminski

**CalRecycle Grant manager:**

**Project Summary:** The County of Lake's Environmental Health Division's Waste Tire Program serves to protect the public health from mosquito infestations; maintain a safe environment via regular surveillance; and, if possible, removal of tires from creeks, waterways and the general countryside, We will continue routine annual inspections of at least 70 active TPID sites, as well as any that are "inactive" or are "new" in the county. These routine inspections are meant to insure that waste tires are being stored and handled appropriately to prevent waste tire-fueled fires as well as mosquito control.

*Total Awarded for County:\$38,000.00*

## Los Angeles County

**Grantee:** City of Lancaster

**Amount Awarded:** \$133,734.00

**Grantee Contact:** Ms. Lisa Agarpao

**CalRecycle Grant manager:**

**Project Summary:** The City of Lancaster wishes to obtain TEA22 Grant Cycle Funds to perform enforcement of the requirements for disposal and storage of waste tires within the City of Lancaster. Funding will enable the City to take responsibility for the identification, investigation and enforcement of waste tire generators, haulers and facilities.

**Grantee:** City of Los Angeles

**Amount Awarded:** \$77,000.00

**Grantee Contact:** Mr. Jerry Weir

**CalRecycle Grant manager:**

**Project Summary:** Grant funds will be used to inspect our over 1600 Waste Tire Facilities for compliance with all waste tire handling rules and regulations. Our participation in the Local Government Waste Tire Enforcement Grant program has caused a decrease in the number of large illegal waste tire dumps in our jurisdiction. There are still suspected unregistered waste tire haulers that we are working on bringing into compliance.

**Grantee:** Los Angeles County

**Amount Awarded:** \$505,000.00

**Grantee Contact:** Eric Morofuji

**CalRecycle Grant manager:**

**Project Summary:** Grant Funds will be used for personnel and equipment costs to inspect and enforce the State's Minimum Standards for handling, storage, and disposal of waste and used tires in the County of Los Angeles.

*Total Awarded for County:\$715,734.00*

## **Madera County**

**Grantee:** City of Madera

**Amount Awarded:** \$22,000.00

**Grantee Contact:** VIOLA RODRIGUEZ

**CalRecycle Grant manager:**

**Project Summary:** The grant funds will continue to be used to supplement the cost of two employees to inspect waste tire generating businesses to ensure proper handling and storage of waste tires, and adherence to hauling and manifesting requirements. The employees will continue to research, identify and survey areas in the city limits where illegal dumping of waste tires has occurred. The employees will pursue enforcement action in cases of non-compliance and when illegal waste tire activities have been identified. The employees will continue to conduct ongoing education to the waste tire business community.

**Grantee:** Madera County

**Amount Awarded:** \$215,000.00

**Grantee Contact:** Eric Yancy

**CalRecycle Grant manager:**

**Project Summary:** Perform waste tire inspections to ensure compliance with all applicable laws and regulations, including the manifest system. Inspections will be followed up with appropriate compliance actions to ensure that operators are complying with all waste tire regulations. Also investigate and conduct surveillance for illegal tire disposal activities within our jurisdiction.

*Total Awarded for County:\$237,000.00*

## **Marin County**

**Grantee:** Marin County

**Amount Awarded:** \$69,000.00

**Grantee Contact:** Carly Williams

**CalRecycle Grant manager:**

**Project Summary:** If awarded, the requested grant funds will be expended conducting routine inspections of waste tire generators and haulers, as well as followup inspections and enforcement activities, when necessary, and referrals from CalRecycle. In addition, grant funds will be used for mandatory training activities for waste tire grantee staff. If sufficient training funds are available, they may also be used for non-mandatory, but pertinent, training as well, with prior approval by CalRecycle staff.

Please note that the requested grant funds for TEA 22 are approximately \$6,000 greater than the funds awarded for TEA 21. This is due to the fact that the BOS-approved hourly reimbursement will be increased from \$167/hr to \$184/hr in April of this year.

*Total Awarded for County:\$69,000.00*

## **Mendocino County**

**Grantee:** Mendocino County

**Amount Awarded:** \$31,000.00

**Grantee Contact:** Trey Strickland

**CalRecycle Grant manager:**

**Project Summary:** CalRecycle Waste Tire Enforcement Grant funds will be used to implement the waste tire program locally in Mendocino County and provide oversight to the businesses in our County handling waste tires.

*Total Awarded for County:\$31,000.00*

## **Merced County**

**Grantee:** Merced County

**Amount Awarded:** \$118,000.00

**Grantee Contact:** Mr Ron Rowe, MPA, REHS

**CalRecycle Grant manager:**

**Project Summary:** Funds to be Utilized for an estimated 220 Inspections, enforcement, and management of the Waste Tire Program.

*Total Awarded for County:\$118,000.00*

## **Monterey County**

**Grantee:** Monterey County

**Amount Awarded:** \$104,400.00

**Grantee Contact:** Teresa Rios

**CalRecycle Grant manager:**

**Project Summary:** Grant monies will be used to fund the existing Waste Tire Enforcement Program, which includes conducting routine waste tire inspections, surveillance and enforcement, community education, attending round table events and other training required by Cal Recycle, and to purchase equipment and supplies needed to conduct the program activities.

*Total Awarded for County:\$104,400.00*

## **Napa County**

**Grantee:** Napa County

**Amount Awarded:** \$80,000.00

**Grantee Contact:** Greg Pirie

**CalRecycle Grant manager:**

**Project Summary:** Investigate illegal tire disposal activities and perform waste tire inspections to ensure compliance with all applicable laws and regulations.

*Total Awarded for County:\$80,000.00*

## Nevada County

**Grantee:** Nevada County

**Amount Awarded:** \$76,000.00

**Grantee Contact:** Grant Eisen

**CalRecycle Grant manager:**

**Project Summary:** The grantee will maintain waste tire enforcement activities for this jurisdiction. These activities include, but are not limited to, inspection of inventoried sites, identification of businesses that need to be on the TPID inventory, surveillance for illegal disposal sites and unregistered haulers, and achieving compliance through education and, if necessary, enforcement. Further, the grantee will investigate referrals from CalRecycle or other agencies and pursue placement of motion detection cameras to apprehend illegal dumpers.

*Total Awarded for County:\$76,000.00*

## Orange County

**Grantee:** Orange County

**Amount Awarded:** \$347,000.00

**Grantee Contact:** T Carrier

**CalRecycle Grant manager:**

**Project Summary:** Orange County will use these grant funds to investigate illegal tire disposal activities and perform waste tire inspections to ensure compliance with all applicable laws and regulations. Funds will also be used for community and industry education, staff training and administration of the grant.

*Total Awarded for County:\$347,000.00*

## Placer County

**Grantee:** Placer County

**Amount Awarded:** \$261,355.00

**Grantee Contact:** Samantha Bailey

**CalRecycle Grant manager:**

**Project Summary:** The Waste Tire Enforcement Grant will allow Environmental Health to perform waste tire inspections, identify un-permitted waste tire activities and provide enforcement for illegally dumped tires within Placer County.

*Total Awarded for County:\$261,355.00*

## Riverside County

**Grantee:** Riverside County

**Amount Awarded:** \$600,000.00

**Grantee Contact:** Manuel A. Acueto

**CalRecycle Grant manager:**

**Project Summary:** Grand funds will be utilized to inspect tire-related businesses and ensure entities within the county are storing/hauling used and waste tires correctly pursuant to California law. These funds will augment local/regional enforcement efforts by seeking to prevent the unlawful stockpiling/dumping of waste tires. This goal is accomplished by allowing personnel to be dedicated to the task of ensuring waste tires reach an appropriate end use facility by educating business owners as to proper disposal methods and referral of offenders to the appropriate State/local authorities.

Training will be provided to assure County employees are kept up to date with new requirements of the State. Staff will also attend safety training of perishable skills.

Equipment requested will be utilized to assure the employee is well prepared when conducting inspections.

*Total Awarded for County:\$600,000.00*

## **Sacramento County**

**Grantee:** Sacramento County

**Amount Awarded:** \$320,000.00

**Grantee Contact:** Jeff Czapla

**CalRecycle Grant manager:**

**Project Summary:** Funds will be used for inspection of waste tire generators and haulers, surveying for new waste tire businesses, investigating illegal hauling and dumping complaints, and providing education to the public and businesses. Funds will also be used for additional staff training, and to prepare reports for submittal to CalRecycle.

*Total Awarded for County:\$320,000.00*

## **San Bernardino County**

**Grantee:** City of Adelanto

**Amount Awarded:** \$18,000.00

**Grantee Contact:** Rachel Lara-carranza

**CalRecycle Grant manager:**

**Project Summary:** Funds expended with proper inspections and enforcement of all tire facilities within the City, along training for new facilities. Administrative will attend all mandatory training. Surveillance will be conducted on all illegal dumping.

**Grantee:** City of Victorville

**Amount Awarded:** \$54,000.00

**Grantee Contact:** Jorge Duran

**CalRecycle Grant manager:**

**Project Summary:** The City of Victorville is located in the Mojave Desert area approximately 1 hour from the heavily populated Los Angeles, Orange County, Inland Empire and 2 hours from the growing Las Vegas areas. The City is surrounded by a vast amount of desert land and has three major highways that intersect within the City (I-15 Freeway, CA Highway 18/138, and US highway 395). Due to the surrounding geography, the City experiences a large amount of illegal dumping activity which includes illegally dumped tire piles of both general passenger and commercial type tires. The City is still growing and currently has 108 waste tire related businesses (identified via WTMS as active businesses). In addition to the active businesses, the City has 8 inactive sites that are checked periodically to ascertain status. The City has and will use waste tire enforcement grant funds to establish a presence in our City and partner with the State to regulate the waste tire disposal process and minimize illegal dumping through surveillance, enforcement, and administrative actions. Funds will also aid our assigned staff to provide them with office and small field supplies/equipment to carryout grant inspection, surveillance, and education tasks. Our primary goal when utilizing grant funds is to inspect all waste tire generators and haulers within the grant period. Additionally, we will partner with the businesses, ensuring that all waste tires are manifested utilizing the forms provided by Cal-Recycle and encouraging them to report those who illegally dispose of tires. In administering the grant, the City of Victorville will prioritize its activities to mirror those established in the grant terms/conditions and procedures: inspection, waste tire manifest compliance, identifying illegal disposal activities, education, and awareness.

*Total Awarded for County:\$72,000.00*

## San Diego County

**Grantee:** City of San Diego

**Amount Awarded:** \$215,000.00

**Grantee Contact:** Daron Warkentin

**CalRecycle Grant manager:**

**Project Summary:** The City of San Diego Regional Waste Tire program will be using grant funds to continue implementing inspections, enforcement, and education to over 1,200 Active waste tire generating businesses. In 2007, the City began inviting neighboring cities to participate in the grant program in order to achieve better regional compliance. Today the City is collaborating with four neighboring cities (participating collaborative jurisdictions).

**Grantee:** San Diego County

**Amount Awarded:** \$165,000.00

**Grantee Contact:** KariLyn Merlos

**CalRecycle Grant manager:**

**Project Summary:** The Tire Enforcement Agency is a program of the Local Enforcement Agency (LEA) for the purpose of protecting public health, safety and the wellbeing of our communities and our environment from the impacts of improper waste tire management/recycling and disposal by:

- Conducting careful and thorough inspections of waste tire facilities, haulers and generators to ensure the proper management, handling and disposal of their waste tires;
- Providing education to current operators and potential new waste tire operators on waste tire laws and regulations, prevention of mosquito breeding and West Nile Virus issues, rat breeding, and other public health, safety and environmental issues;
- Assisting CalRecycle, as needed, in taking appropriate and effective enforcement;
- Ensuring quick and thorough investigations to complaints;
- Providing expert and timely review of documents;
- Efficiently managing grant monies awarded by CalRecycle;
- Participating in all mandatory trainings, roundtables and events;
- Enhancing skills and knowledge by participating in CalRecycle, CalEPA and industry training opportunities and other grant related activities as directed by CalRecycle staff.

*Total Awarded for County:\$380,000.00*

## San Joaquin County

**Grantee:** San Joaquin County

**Amount Awarded:** \$218,890.00

**Grantee Contact:** Michael Kith

**CalRecycle Grant manager:**

**Project Summary:** The goal of the San Joaquin County Environmental Health Department (EHD) Waste Tire Program is to protect public health, safety, and environment with regard to waste tire facilities within its jurisdiction. The EHD intends to use the TEA22 grant fund for all expenses associating with performing inspection of the waste tire facilities, investigating illegal dumping of waste tires in San Joaquin County, staff training, and administrative cost.

*Total Awarded for County:\$218,890.00*

## San Luis Obispo County

**Grantee:** San Luis Obispo County

**Amount Awarded:** \$37,000.00

**Grantee Contact:** Richard Lichtenfels

**CalRecycle Grant manager:**

**Project Summary:** The Waste Tire Enforcement Grant funding will support San Luis Obispo County's continuing efforts to enforce CalRecycle's waste tire regulations, and allow the County to educate businesses and the public on how to handle waste tires in a safe and responsible manner.

*Total Awarded for County:\$37,000.00*

## San Mateo County

**Grantee:** San Mateo County

**Amount Awarded:** \$81,000.00

**Grantee Contact:** Ms. Marjorie Terrell

**CalRecycle Grant manager:**

**Project Summary:** Funding to conduct inspections of facilities storing, generating or hauling used/waste tires within San Mateo County

*Total Awarded for County:\$81,000.00*

## Santa Clara County

**Grantee:** City of Sunnyvale

**Amount Awarded:** \$34,000.00

**Grantee Contact:** Ms. Lynne Kilpatrick

**CalRecycle Grant manager:**

**Project Summary:** Grant funds will be used to inspect at least 80% of active tire generators and 100% of tire haulers for manifesting requirements and 100% of permitted tire businesses (greater than 500 tires) for compliance with waste tire storage, disposal and permit standards, terms and conditions during this grant cycle. Additionally, inspections at other tire business, not described above, will be conducted as required.

**Grantee:** Santa Clara County

**Amount Awarded:** \$397,000.00

**Grantee Contact:** Mr. Jim Blamey

**CalRecycle Grant manager:**

**Project Summary:** The goal of the County of Santa Clara Department of Environmental Health (DEH) is to protect public health, safety, and the environment in regard to proper storage, transport and use of waste tires within our jurisdiction.

The County of Santa Clara DEH intends to use FY 2014 / 2015 TEA grant funds for activities directly related to inspection and administration costs for waste tire inspections as outlined in the grant procedures and requirements, and grant application guidelines and ongoing grant guidance from Calrecycle regarding waste and used tire activities.

*Total Awarded for County:\$431,000.00*

## Solano County

**Grantee:** Solano County

**Amount Awarded:** \$182,000.00

**Grantee Contact:** Mr. Jagjinder Sahota

**CalRecycle Grant manager:**

**Project Summary:** Perform Waste Tire Enforcement Activities including inspecting waste tire generators and transporters, perform education & outreach and enforcement activities

*Total Awarded for County:\$182,000.00*

## Sonoma County

**Grantee:** Sonoma County

**Amount Awarded:** \$248,000.00

**Grantee Contact:** Christine Sosko

**CalRecycle Grant manager:**

**Project Summary:** The Waste Tire Enforcement Grant funding will be used for the enforcement, inspection and permitting of waste tire facilities and the movement and storage of waste tires within Sonoma County.

Sonoma County currently has 416 waste tire facilities and participates in multi-agency task force meetings to oversee the enforcement of waste tire regulations throughout the County.

*Total Awarded for County:\$248,000.00*

## Stanislaus County

**Grantee:** City of Modesto

**Amount Awarded:** \$47,000.00

**Grantee Contact:** Ms. KARIN RODRIGUEZ

**CalRecycle Grant manager:**

**Project Summary:** The City of Modesto is requesting TEA 22 grant funding to continue the success of previous grant cycles. The City of Modesto has approximately 80 tire operations and this grant funding will ensure that those facilities stay in compliance with all waste tire regulations. If awarded these funds, the City of Modesto will inspect all waste tire businesses within the city limits of Modesto for compliance with waste tire permitting, hauling, storage, disposal laws and regulations, and submit all inspection forms to CalRecycle for review. Midyear and final reports will be completed and submitted in a timely manner. We will educate the tire businesses and conduct enforcement through field patrols and also follow up on all complaints and referrals where tires have been illegally dumped. City enforcement staff will attend all mandatory training to keep informed and updated on all tire laws and regulations.

**Grantee:** Stanislaus County

**Amount Awarded:** \$118,000.00

**Grantee Contact:** Robb Simas

**CalRecycle Grant manager:**

**Project Summary:** The Waste Tire Enforcement Grant program allows Stanislaus County to administer a comprehensive waste tire enforcement program which includes the following elements: identification, documentation, education, and inspection of businesses involved in the generation, collection, transportation, and disposal of waste tires.

Currently there are over 855 waste tire businesses in Stanislaus County and in the participating cities. The grant allows inspections of each of these tire facilities, tire dealers, auto dismantlers, tire haulers, and other waste tire generators. The local enforcement of the waste tire regulations will emphasize the importance of generators, haulers, and end-user businesses.

Since the program's inception in 2006, two (2) large tire piles containing over 20,000 have been cleaned up. Over 2,508 inspections for tire facilities and tire haulers have been conducted, with 30 notice of violations issued along with (10) referrals to CalRecycle for legal action.

If TEA-22 is awarded to Stanislaus County it will enable our jurisdiction to conduct 196 inspections, spend 240 hours on surveillance, investigate reported violations and respond to complaints of tire dumps.

*Total Awarded for County:\$165,000.00*

## Tehama County

**Grantee:** Tehama County

**Amount Awarded:** \$62,194.00

**Grantee Contact:** Tim Potanovic

**CalRecycle Grant manager:**

**Project Summary:** The goal of our Waste Tire Program is to protect public health and the environment with regard to waste tires and facilities in Tehama County. TCEHD intends to use TEA 22 reimbursement grant funds for inspection, enforcement, outreach, training and management in order to accomplish these objectives.

*Total Awarded for County:\$62,194.00*

## Tuolumne County

**Grantee:** Tuolumne County

**Amount Awarded:** \$51,000.00

**Grantee Contact:** Rachelle Williams

**CalRecycle Grant manager:**

**Project Summary:** Funds from this grant will be used to implement our Waste Tire Enforcement Program by completing inspections and providing education to existing and new waste tire generators and haulers, preparing reports, performing grant management duties, participating in trainings, and conducting surveillance and enforcement activities throughout Tuolumne County.

*Total Awarded for County:\$51,000.00*

## Yolo County

**Grantee:** Yolo County

**Amount Awarded:** \$97,000.00

**Grantee Contact:** Mrs.Jianmin Huang

**CalRecycle Grant manager:**

**Project Summary:** The Local Government Waste Tire Enforcement Grant funds will be used to conduct inspections at waste tire facilities and to prevent illegal transport, storage and disposal of waste tires. Yolo County Environmental Health Division (YCEH) will keep local businesses and the community abreast of the current waste tire regulations. In addition, YCEH will submit progress reports to CalRecycle and attend mandatory and non-mandatory meetings and trainings.

*Total Awarded for County:\$97,000.00*

## Yuba County

**Grantee:** Yuba County

**Amount Awarded:** \$103,000.00

**Grantee Contact:** Mr William Davis

**CalRecycle Grant manager:**

**Project Summary:** Grant funds would be exclusively learned used for implementation of waste tire program in Yuba County, Sutter County, and participating jurisdictions. Funds will used for inspection, administrative services, enforcement, surveillance, and training activities.

*Total Awarded for County:\$103,000.00*

**Grant Count:** 45

**Grand Total for Selected Counties: \$7,000,000.00**
